

Socitm North Conference 2017

9th November 2017

Cloth Hall Court, Leeds, LS1 2HA

INTRODUCTION

For the first time ever, Socitm is bringing its conference to the North

This one-day event welcomes professionals from across the ICT sector, local public services and private sector partners, creating new partnerships vital to funding transformation.

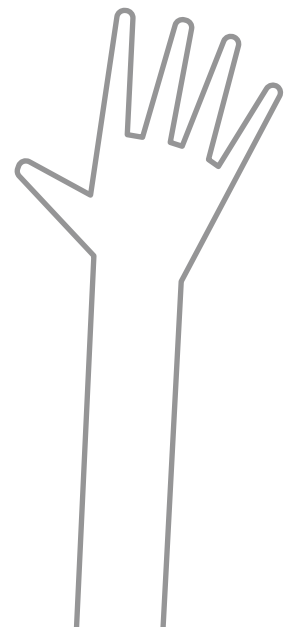

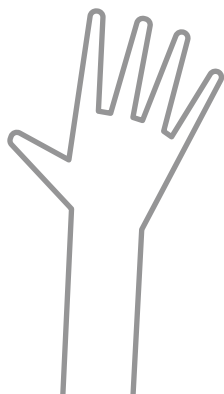

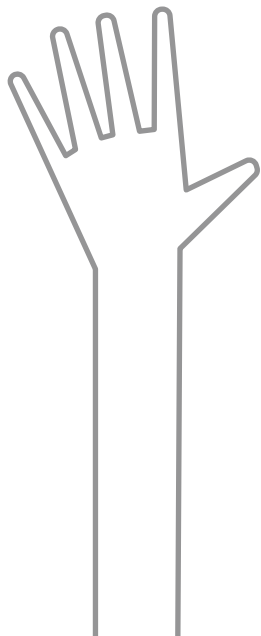

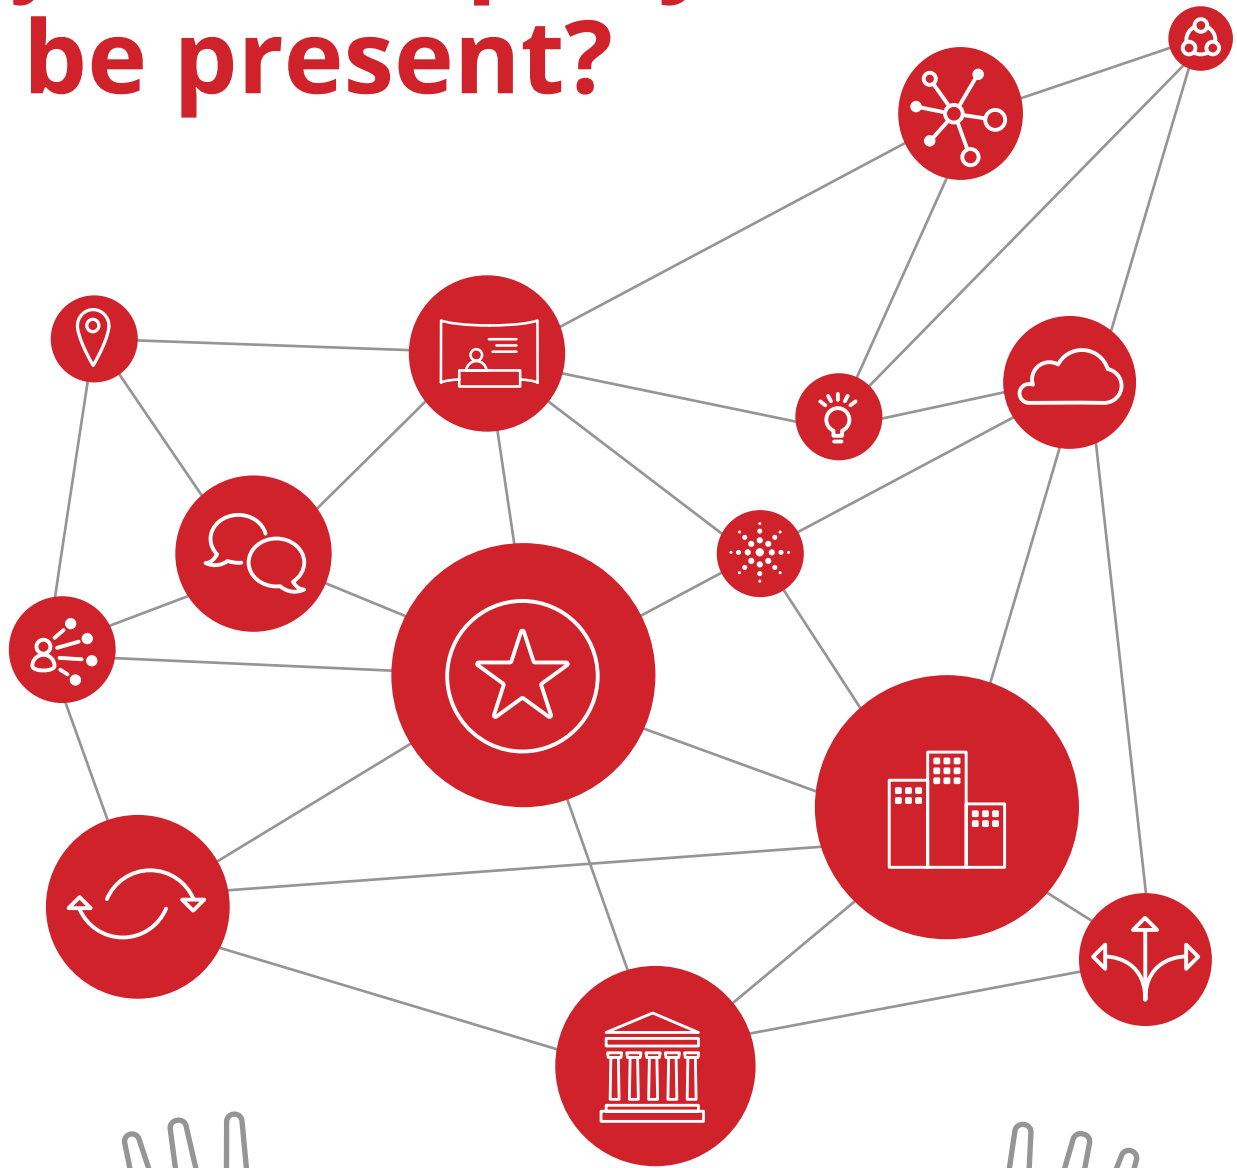

Our conference is built on the feedback from our members in the North regions (North East, North West & Humber) and dialogue with experts at the heart of policy-making, ensuring the agenda is of real relevance to CEOs, CIOs, heads of IT and other decision makers.

Key issues to be discussed:

- Flexible working and workplace management
- Future of Local Government
- Data Mill North
- GDPR

Why should *your* company be present?

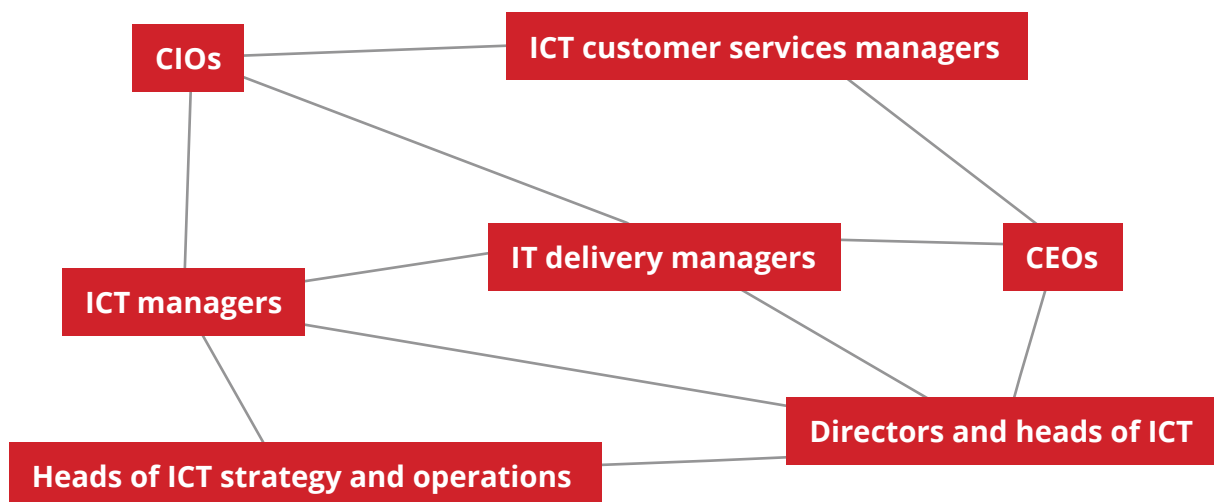

Brand awareness and networking

- Raise your profile with councils in Wales, such as: Liverpool City Council, Wirral MBC, Leeds City Council, Manchester City Council.
- Introduce yourself to small but mighty district councils.
- Develop business connections in a vibrant networking environment.
- Benefit from pre-event lead generation opportunities – publish research, white papers and other IP on Socitm North Conference website.
- Facilitate a breakout session that will allow you to showcase your credibility and capability.
- Make tangible business connections.

And let's not forget about our members

Meet with IT leaders and practitioners from across the region. Our members will be there and they include:
